卷之三

A white rectangular object, possibly a piece of evidence or a marker, is shown lying on a textured, light-colored surface. The object has several red and blue markings, including a vertical blue line near the top, a red mark resembling a stylized 'P' or 'D', and a blue mark that looks like a stylized 'A' or 'B'. There are also some faint red and blue smudges and a small blue square at the bottom right. The object appears to be made of a thin material, like paper or plastic, and is positioned vertically.

A row of grey IoT devices mounted on a metal frame, labeled 15-1036, 15-1050, and 15-1051. The device in the middle has a yellow tag reading "SAMPLE" and "AIRNETS AI". The device on the right has a red "D-4" label and handwritten text: "15-1036", "NB-IOT device", "Telia", "T-TECH", "AI-TECH", "EE", "T-TECH-HASSAN-MALIK", and "Cumbor".
